5. Online Flight Reservation System

Includes flight search, seat selection, booking, payment, e-ticket generation, and booking history.

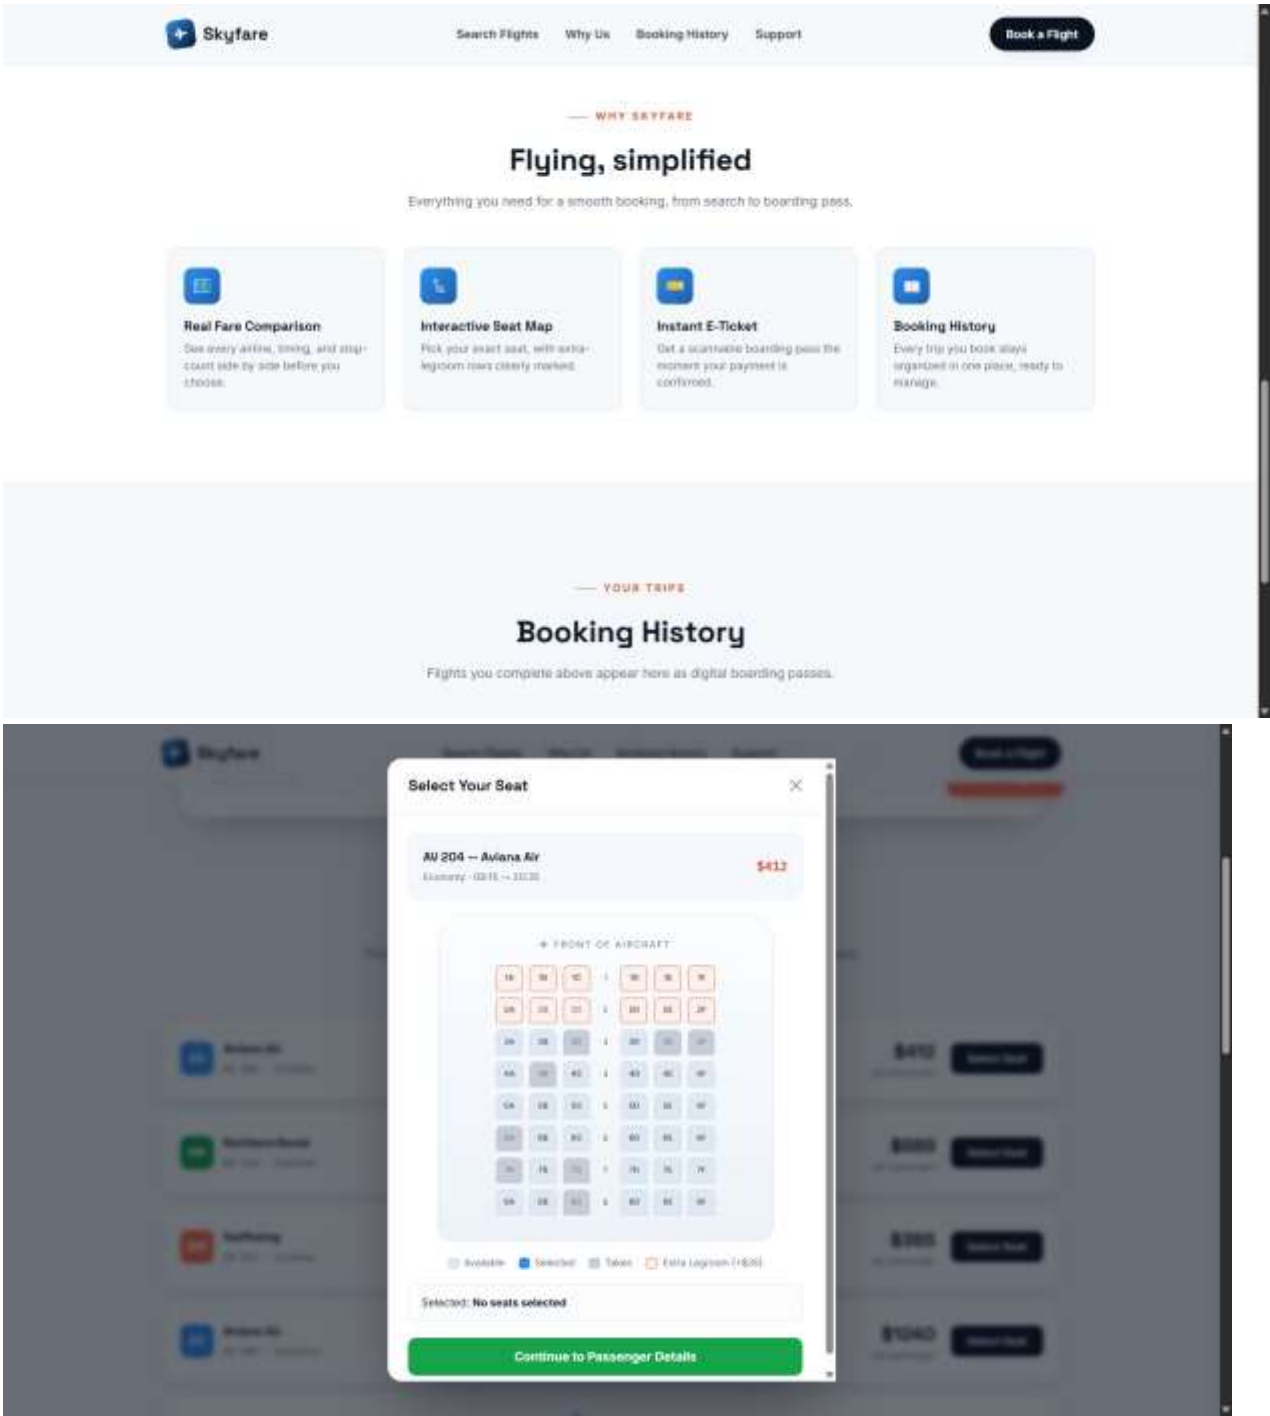

The interface shows the Skyfare logo and navigation links: Search Flights, Why Us, Booking History, Support, and a Book a Flight button. The main heading is "Book your flight, pick your *seat*, get going." with a subtext: "Compare live fares, choose your exact seat on the plane, and get your e-ticket instantly — all from one clean dashboard."

The search form includes tabs for One Way and Round Trip. The FROM field is set to New York (LHR) and the TO field is set to London (LHR). The DEPART field is set to mm/dd/yyyy. The PASSENGERS field is set to 2 Adults and the CABIN field is set to All. A Search Flights button is present.

Below the search form, the section "LIVE FARES" is titled "Flights on this route". A note states: "Prices shown are per passenger, before seat add-ons. Select a flight to choose your seat."

The interface shows the Skyfare logo and navigation links: Search Flights, Why Us, Booking History, Support, and a Book a Flight button. The main heading is "LIVE FARES" and the section is titled "Flights on this route". A note states: "Prices shown are per passenger, before seat add-ons. Select a flight to choose your seat."

 Aviana Air AV 294 - Economy	08:15 JFK	4h 20m Nonstop	20:35 LHR	\$412 per passenger	Select Seat

8. Hospital Appointment Booking System

Enables doctor search, appointment booking, reminders, patient management, and scheduling.

The image displays three screenshots of the Meridian Clinic Appointment System interface, showing different user roles and views.

Top Screenshot (Patient View): The header shows the Meridian Clinic logo and navigation links for Patient, Doctor, and Admin. The main dashboard displays statistics: DOCTORS ON STAFF (5), TODAY'S APPOINTMENTS (1), REMINDERS (0), and CANCELLED (0). Below this, there are tabs for Find a Doctor and My Appointments. The Find a Doctor section includes a search bar and a list of doctors with their specialties and availability.

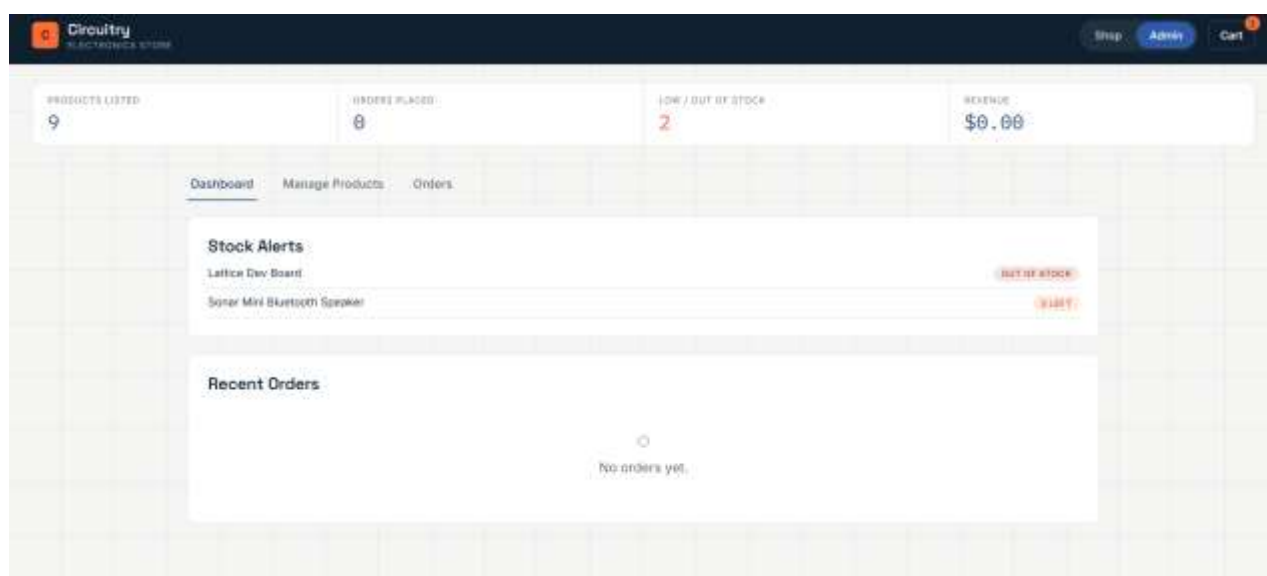

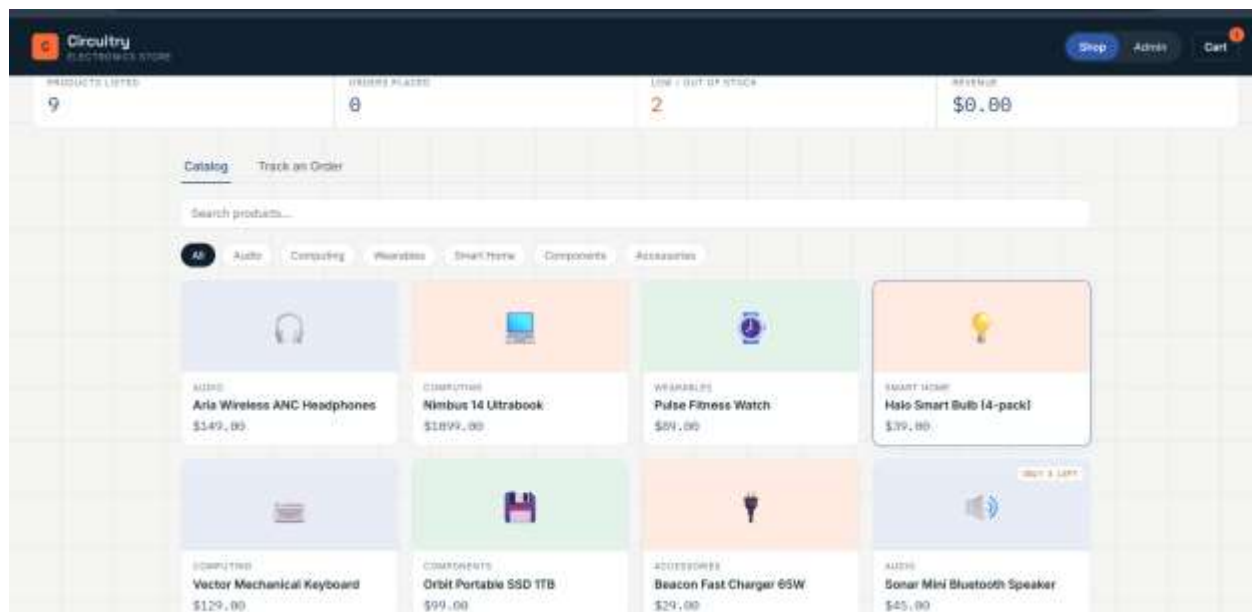

Middle Screenshot (Doctor View): The header shows the Meridian Clinic logo and navigation links for Patient, Doctor, and Admin. The main dashboard displays statistics: DOCTORS ON STAFF (5), TODAY'S APPOINTMENTS (0), REMINDERS (0), and CANCELLED (0). Below this, there is a section for Dr. Samuel Kim with a Switch Doctor button. The Upcoming Appointments section shows "No upcoming appointments." and the Past & Cancelled section shows "Nothing here yet."

Bottom Screenshot (Admin View): The header shows the Meridian Clinic logo and navigation links for Patient, Doctor, and Admin. The main dashboard displays statistics: DOCTORS ON STAFF (5), TODAY'S APPOINTMENTS (0), REMINDERS (0), and CANCELLED (0). Below this, there are tabs for Dashboard, Manage Doctors, and All Appointments. The Dashboard section includes a Reminders section showing a reminder for Dr. Michael Osei and a Staff by Specialty table.

20. Vehicle Rental System (RentRide)

Allows vehicle search, booking, approval, rental management, and inventory handling.

21. Online Job Portal System

Connects employers and job seekers through job postings, applications, resume management, and search filters.

The image displays three screenshots of the Wayfind Online Job Portal System, illustrating the user interface for job seekers and employers.

Screenshot 1: Job Search Interface

The top navigation bar includes the Wayfind logo, a user profile dropdown (Asha Rao), a "Post a Job" button, and tabs for "Job Seeker" and "Employer". The main navigation bar shows "Job Board", "My Applications", and "My Resume".

The "Open Roles" section displays a list of job openings from 2 companies, with 4 listings shown. The user is logged in as Asha Rao.

Search filters include:

- Search title or keyword...
- All locations
- All types
- Skills (e.g. React)
- Clear filters

The job listings are:

- Frontend Developer** (Full-time) at Nimbus Analytics. Skills: React, JavaScript, CSS. Description: Build and maintain customer-facing dashboards. Work closely with design to ship polished UI. Salary: ₹5-12 LPA. Apply button.
- Data Analyst Intern** (Internship) at Nimbus Analytics. Skills: Python, SQL, Excel. Description: Support the analytics team with data cleaning, reporting, and ad-hoc queries. Salary: ₹25,000/mo. Apply button.
- UI/UX Designer** (Full-time) at Coral Harbor Studio. Skills: Figma, XD, Adobe, Prototyping. Description: Own end-to-end design for our booking product, from research to high-fidelity prototypes. Salary: ₹9-14 LPA. Applied button.
- Backend Engineer** (Remote) at Coral Harbor Studio. Skills: Node.js, AWS, Docker, PostgreSQL, APIs. Apply button.

Screenshot 2: My Job Postings Interface

The top navigation bar includes the Wayfind logo, a user profile dropdown (Nimbus Analytics), a "Post a Job" button, and tabs for "Job Seeker" and "Employer". The main navigation bar shows "My Job Postings" and "Post a Job".

The "My Job Postings" section displays a list of job openings from 2 active listings. The user is logged in as Nimbus Analytics.

The job listings are:

- Frontend Developer** (Full-time) at Nimbus Analytics. Skills: React, JavaScript, CSS. Description: Build and maintain customer-facing dashboards. Work closely with design to ship polished UI. 0 applicants. View applicants button.
- Data Analyst Intern** (Internship) at Nimbus Analytics. Skills: Python, SQL, Excel. Description: Support the analytics team with data cleaning, reporting, and ad-hoc queries. 0 applicants. View applicants button.

Screenshot 3: Post a Job Interface

The top navigation bar includes the Wayfind logo, a user profile dropdown (Nimbus Analytics), a "Post a Job" button, and tabs for "Job Seeker" and "Employer". The main navigation bar shows "My Job Postings" and "Post a Job".

The "Post a Job" section displays a form to create a new job listing. The user is logged in as Nimbus Analytics.

The form fields are:

- Job Title (e.g. Backend Engineer)
- Type (Full-time)
- Location (e.g. Chennai, HR or Remote)
- Salary / Stipend (e.g. ₹10-15 LPA)
- Required Skills (comma-separated) (e.g. Java, Spring Boot, SQL)
- Description (Role responsibilities and expectations...)

The "Publish listing" button is visible at the bottom.
